Zur Information | Information of:

**Re: Declaration of conformity for Hilti anchor products with EU-Directive 2002 / 95 /
EC (ROHS)**

To whom it may concern

the above mentioned directives impose restrictions on the use of certain hazardous substances in products and equipment. This applies in particular to the substances listed below:

- Lead (Pb),
- Mercury (Hg),
- Hexavalent Chromium (Cr⁶⁺), yellow color → replaced by Trivalent Chromium (Cr³⁺), silver color
- Cadmium (Cd),
- Polybrominated biphenyls (PBBs) and
- Polybrominated diphenyl ethers (PBDEs)

Hilti, acting as an environmentally responsible company, can confirm that all products listed below comply with the restrictions for the above listed substances.

item No.	name	description
various	HDA	All anchors are electroplated zinc and Cr(III) passivated.
various	HSL-3	All anchors are electroplated zinc and Cr(III) passivated.
various	HSC	All anchors are electroplated zinc and Cr(III) passivated.

Best regards,

Martin Althof
Quality & Process Manager
